BENEFITS
THE WILD WAVE ORIGINAL

This Wild Wave house is a contemporary solution for sustainable and environmentally (and budget-friendly) living. The single-storey solution perfectly brings out the aesthetics of this atypical façade geometry. This compact house is perfect for a single person or a couple, as well as a holiday retreat for the whole family.

It's true that this house is not for everyone. It is for those who love freedom and cannot live without it. The shape of the Wild Wave Original House represents the breaking wave that represents freedom, washing away all your worries and troubles. There are many speakers about freedom. Wild Wave homes are for those who truly live it.

The Wild Wave House is for those who believe in freedom. Whether you are an individualist living alone, or have a family that is not subject to meaningless rules and restrictions, you are someone who does not take part in the rat race and is not influenced by the crowd. Because ordinary forms and ordinary lives are not for you. You are the explorer. A seeker. You are a dreamer. And you would not blink an eye if you took off your suit and tie so that you could enjoy, if only for a moment, a liberating moment of childish exuberance in the crashing waves.
